Upskilling the Future

SHARAD VITHIKA

| THE FILM AFFAIR.....CELEBRITY RENDEVOUZ

Bollywood fever is common among youngsters, and that craze spotted in Bansal Institute of Science and Technology, when the lead artists of the film industry visited the campus on 28th September 2022. Veteran actors, Mr. Sanjay Mishra and Mr. Rakesh Shrivastava, along with director Raj Aashu, came to BIST for the promotion of their upcoming movie, "WOH 3 DIN". An engaging interview and student interaction was held with the stars and the event turned up the energy of students to another level.

| MOU ENDORSEMENT

BGI endorsed an MoU with SRIAAN Electric Vehicle Pvt. Ltd. on 29th September 2022, which will certainly benefit the students of BGI. The students will gain knowledge about energy storage and renewable energy development in the sphere of electric vehicle conversion. On this occasion, Joint Secretary Dr. Sanjay Jain and Group Director Prof. H.B. Khurasia, shed light upon the importance of association with private companies, as they provide a practical approach to learning and they also extended their best wishes for the bright future of students.

#WEAREBGI

| BANSAL GARBA MAHOTSAV 2022

"NAVRATRI" - a festival to worship Goddess Durga. There are different ways of offering prayers to nine goddesses during the span of nine days of this festival. One of the forms of worshipping the goddess is performing the folk dance- "GARBA".

To celebrate the festival in its true sense, the Bansal Group of Institutes organized the "Bansal Garba Mahotsav" on 1st October 2022, at BIST lawn. Everyone got drifted on the electrifying music and drum beats and relished the celebration.

All the staff members, along with the students of BGI, participated whole-heartily and made the event a grand success.

EXPERT TALK ON CLIMATE CHANGE BY DR. CHETAN SOLANKI (SOLAR GANDHI)

"SOLAR POWER is not fashion, it is about SURVIVAL."

An eye-opener session on climate change and solar energy was conducted successfully on 14th October 2022 in BGI by Prof. Chetan Solanki (IIT Mumbai). He shed light on climate change and elucidated on how it is affecting the life of every living being. He also shared insights on the awareness of Solar Energy.

DEEKSHARAMBH

"The magic of new beginnings is truly the most powerful of them all."

As the budding engineers headed on their journey of engineering, they were provided a week-long enriching orientation session. Bansal Group of Institutes organized a student induction program, 'Deeksharambh' for B.Tech 1st year students, from 17th October 2022 to 21st October 2022. It was a unique program to make the students well acquainted with their new course and institution as well. A number of seminars, expert lectures, faculty introduction, cultural events and many more activities were held during the program. The whole session turned out to be extremely informative for the newly admitted students.

PRARAMBH-2022

An orientation program for the new enrolled students of MBA and MCA was conducted from 2nd to 4th November 2022, at Kokta campus, BGI. Students were made aware of the facilities, curriculum and co-curricular activities of the institutes. They were also informed about the training and placement activities and their benefits for students. On the following day, a lecture on "Skill and Development" was delivered by Mr. Rajiv Mishra, Marketing Director, elucidating the topic in detail. Joint Secretary Dr. Sanjay Jain was the chief guest of the event and Treasurer Mrs. Pooja Bansal was the guest of honour. Group Director, Dr. H.B. Khurasia along with all the directors of BGI, extended their best wishes to the students.

HEALTH CAMP

"HEALTHY MIND DWELLS IN A HEALTHY BODY."

Bansal Group of Institutes is concerned about the health and fitness of its staff and students and so keeps on organizing several health camps throughout the year. To follow the same tradition, a "FREE EYE CHECKUP" camp was organized on 23rd Nov. 2022, for all the students and staff members. Eye Specialist Dr. Vinita Ramani (MBBS, MS, Ophthalmologist), along with a team of Doctors from Bansal Hospital were present to examine the students and faculty members. The eye camp was well equipped with all the necessary gears for the eye examination.

| WORLD AIDS AWARENESS DAY CAMPAIGN

The National Service Scheme (NSS), had driven a World AIDS Awareness Day campaign on 1st December 2022 in Kokta Bhopal. A rally was held in the village by volunteers of the National Service Planning Unit in which street shows were performed by volunteers. They sensitized people about HIV virus through street plays and slogans.

They also provided the helpline number 1097 that contributes to creating awareness among the people.

| “DHRUPAD...CLASSICAL MUSIC CONCERT”BY SPIC MACAY

A Dhrupad singing ceremony was organized by SPIC MACAY at Bansal Institute of Science and Technology College, Kokta Anand Nagar, Bansal Group, on Thursday, 15th December. Mr. Sunil Shukla and Dr. Anupama Sharma were present as special chief guests along with Secretary of the Organizing Committee, Mrs. Rashmi Saraswat and Secretary Mr. Manish Sahu. The program was performed by Pandit Shri Prashant Malik and Pandit Shri Nishant Malik, popularly known as Malik brothers, who are 13th generation, Dhrupad singers of Darbhanga Gharana. During the presentation, Malik brothers informed the students about the history and nuances of Dhrupad music while highlighting the importance of Dhrupad music in Indian cultural singing.

| ENGLISH SPEECH & DEBATE COMPETITION

"Great speakers are not born, they are trained".

To provide a platform to our students, English Club (BIST) organized a speech and debate competition on 16th December 2022. Many students participated in the event with full zeal.

The event turned out to be a great success and our students learned good oratory skills and gained a lot of self-confidence.

| ALUMNI MEET 2022

There are some memories in life that time does not erase. And one such memory is COLLEGE-LIFE. It is the time that beats within you as your second heart. To celebrate and cherish such astonishing memories, we at Bansal, planned a historic Alumni Meet for our old graduates on 25th December 2022. Students from all the past batches attended the event. They relished the memories of good old days spent on this campus and had a great time with their professors. They shared fond memories of their college life, narrated their classroom stories, commemorated the guidance of their mentors, proudly talked about their success and praised their ALMA MATER - BANSAL. Honourable Secretary Er. Sunil Bansal, graced the event with his presence and congratulated as well as motivated our alumni with his wise words. The presence of our admirable Joint Secretary Dr. Sanjay Jain, Group Director Dr. H.B. Khurasia along with all the directors of BGI, added glory to the event.

ONE DAY WORKSHOP ON "VIRTUAL LAB" BY IIT DELHI

A one day workshop on 'Virtual Lab' was organized for the engineering students of Bansal Group located at Kokta, Anand Nagar, Bhopal in association with experts from IIT Delhi. The chief expert of the program Mr. Prateek Sharma said that through "virtual lab" students can work on "virtual lab" at any time of the day. He said that due to the high cost of many equipment at present, their availability is not possible, but through "Virtual Lab" sitting in any corner of the country, work can be done through "Virtual Lab". Mr. Prateek Sharma "Virtual Lab" Senior Field Engineer of I.I.T., did live demonstration of "Virtual Lab" of various departments. In this workshop B. Tech Computer Science, IT, Mechanical, Civil, Electrical Electronics and Communication stream participated enthusiastically. The objective of the program was to make the students aware of the "Virtual Lab Concept". On this occasion, Dr. Sanjay Jain, Co-Secretary of the organization, congratulated the students on the successful organization of the "Virtual Lab" workshop.

AN ARRAY OF EVENTS ON NATIONAL MATHEMATICS DAY

To commemorate the birth-anniversary of the great mathematician Shri Srinivasa Ramanujan, we celebrate the national mathematics day on 22nd December every year. To make this day remarkable, BIST organized many activities in the institute from 22nd to 24th December. Various mathematics quizzes and competitions tested the brilliance of students. Expert lectures and seminars were held to make students aware of the magic of mathematician, Shri Ramanujan and also to make them acquainted with the wonders of mathematics. The experts who visited the institute were: Mr. Nikhil Raizada, an alumnus from IIT, Roorkee, Ms. Megha Parmar, first female mountaineer of M.P., and mathematicians, Mr. Sanjay Chhapre and Mr. Anil Gupta.

Megha Parmar Aspire.....Talk Show organized in BIST.

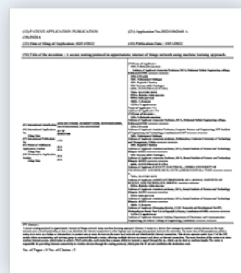

Aspiration is driven by inspiration and to inspire the young to achieve a challenges successfully. Ms. Megha Parmar, brand ambassador for Beti Bachao.....Beti Padhao Abhiyan M.P. & the first woman Mountaineer to climb Everest in MP shared her inspiring journey with students.

RESEARCH ACTIVITIES

PATENT PUBLICATIONS

EC department has filed a patent under the category of Indian Patent, Application no: 369420-001, entitled **"Absorber plate for Solar Heat Collector"**

MBA Department has filed a patent under the category of Indian Patent, Application Number: 202241062660 entitled: **"A secure routing protocol in opportunistic internet of things network using"**.

EX department has filed a patent under the category of Indian Patent, Application no: 371837-001 entitled **"Absorber plate for Solar Collector"**.

MBA Department has filed a patent under the category of Indian Patent, Application N u m b e r : 202241062660, entitled: **"Analysis of marketing strategies based on cross-cultural Perspectives in e-commerce"**.

Department of Computer Science has filed a patent under the category of Indian Patent, Application no: 20221066575 entitled **"A system of placement algorithm for minimization of the rejection of lease in the cloud"**.

PAPER PUBLICATIONS

Dr. Prem Kumar Chaurasiya of ME department

has published a research article titled "Correlation on heat transfer rate and friction factor of a rectangular toothed v-cut twisted tape exhibiting the combined effect of primary and secondary vorte flow" in high impact SCI index journal namely "International Communication in Heat and Mass Transfer".

Dr. Karuna Nidhi Pandagre of MCA department

has published a Research Paper entitled "Analysis of Student Database using Association Rule Mining for making better Admission policy in HEIS" in SCOPUS indexed journal namely "Advances in Mechanics".

Dr. Prem Kumar Chaurasiya of ME department

has published a research article titled "A cheap and high yield route for synthesis of 3H-1, 2-benzodithiol,3-thione for hydrogen storage applications" in high impact SCI index journal namely "International Journal of Hydrogen Energy".

Dr. Rajesh Gupta of MBA department

has published a research article titled "Impact of Total Quality Management approaches in retaining and enhancing customer satisfaction" in Australian Business Dean's council listed journal namely "World Journal of Management and Economics".

Dr. Prem Kumar Chaurasiya of ME department

has published a research article titled "Combustion, performance, and emission behavior of a CI engine fueled with different biodiesel: A modeling, forecasting and experimental study" in high impact SCI index journal namely "Fuel".

NPTEL COURSE CERTIFICATION

The faculties and students of Bansal Institute of Science and Technology, Bhopal have successfully passed the NPTEL examination conducted in the session of July-Dec 2022 and received NPTEL certificates under Elite+gold, Elite+silver and Elite category. The Professors of different IIT's provided the training in various topics of engineering, management, environment and many more under these NPTEL courses. Total 19 faculties and 40 students have benefited in these courses with certificates.

DEPARTMENTAL PARTICULARS

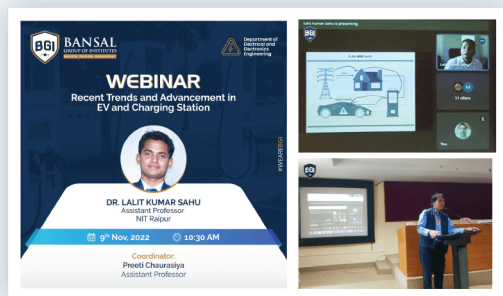

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

MOU with Power Distribution Training Centre (PDTC)

Department of Electrical and Electronics Engineering, BIST Bhopal has signed a Memorandum of Understanding (MOU) with the Power Distribution Training Centre (PDTC), Bhopal on 12th October 2022 (State Government). PDTC/MPMKVVCL offers an opportunity for Faculty and Students to visit HT (High Tension) and EHT (Extra High Tension) substations and model substations at their leisure without any obligation. BIST students will now be able to work on real-time distribution (DISCOM) and transmission (TRANCO) operation and control during the training session. They offer the essential assistance for guest lecturers/expert lectures to be delivered at the MPMKVCL premises for various cadres.

#WEAREBGI

One day Seminar on "Recent Trends & Advancement in EV and Charging Station"

On 9th Nov 2022, Department of Electrical and Electronics Engineering, BIST Bhopal, hosted a one-day Seminar on "Recent Trends and Advancement in EV and Charging Station", Dr. Lalit Kumar Sahu, Professor at the National Institute of Technology (NIT), Raipur, was the program's Keynote Speaker. The program's goal was to expose participants to Electrical Vehicles, EV charging, Solutions & Implementations, AC charging stations, DC charging stations, and trending technologies in Electrical Vehicles and Charging Stations.

Industrial Visit of 400 KW Madhya Pradesh Power Transmissions Co. Ltd., Bhopal

The Department of Electrical and Electronics Engineering, BIST Bhopal organized an Industrial Visit on 10th October 2022 at 400 KV substations Sukhi Sewaniya, Madhya Pradesh Power Transmission Co. Ltd., Bhopal. The sub-station has an effective capacity of 500MVA. The visit included an on-site demonstration of all major electrical equipment such as bus bars, insulators, isolating switches, circuit breakers, protective relays, transformers, SCADA systems, etc. The experts provided an insightful display of the maintenance operations performed at the transmission sub-station on a regular basis

Industrial Visit at Central Power Research Institute (CPRI), Bhopal

The Department of Electrical and Electronics Engineering, BIST Bhopal organized an Industrial Visit on 12th October 2022 at Central Power Research Institute (CPRI), Bhopal. CPRI serves as an independent authority for testing and certification of power equipment across the country. The visit included an on-site demonstration of different kinds of power equipment like Switchgear, Fuse Gears, Transformers, Cables, Capacitors, Insulating Materials and Systems, Transmission Line Towers, Liquid Dielectrics and Non-Conventional Energy Devices etc.

Students' chapter of the Institution of Engineers (IEI, India)

It's indeed a proud moment for BGI that IEI [The institution of Engineers (India)], students chapter has been successfully initiated in the Department of Electrical & Electronics Engineering department, BIST Bhopal. The students got the opportunity to participate in technical events e.g. Seminars, Symposia, Conventions, and Workshops etc., organized by various IEI centers at State, National and International levels at concessional rate.

One Week comprehensive training program

Fifth semester students of Department recently had participated in One Week comprehensive training program from 27th December 2022 to 3rd January 2023 at the Power Distribution Training Centre (PDTC), Bhopal, Madhya Pradesh. This training center, operated by the Madhya Pradesh Madhya Kshetra Vidyut Vitaran Company Limited (MPMKVVCL), provided our students with a wealth of knowledge and hands-on experience in the field of power distribution. In addition to classroom learning, students visited the Nistha Testing Lab and the Meter Testing Laboratory at PDTC. One of the highlights of the training program was a field visit to the HT Metering point and a rooftop solar power generation site at PDTC.

Training in Advanced Industrial Internet of Things and Process Instrumentation (I.I.o.T. & P.I.)

Fifth semester students of Electrical & Electronics Engineering Department, had participated in a forty hours training of Advanced Industrial Internet of Things and Process Instrumentation (I.I.o.T. & P.I.) at NITTTR Siemens Center of Excellence in Bhopal from September 12th October to 3rd October 2022. Students learned about how to connect an electronic device to a platform and to control it through the internet connection. The trainees there came to know about various sensors, their workings in the large industries.

Faculty Achievement

Dr. A. A. Ansari from the Department of Electrical and Electronics Engineering has successfully completed the module namely "How Researchers benefit from citing data" under Research Academy, Elsevier. He has also contributed as Reviewer in the 4th Springer International Conference on Data Engineering & Applications jointly organized by School of Information Technology RGPV and Oriental Institute of Science & Technology, Bhopal on 23rd and 24th December 2022.

The faculties of the Department had participated in 15 days AICTE Training and Learning (ATAL) FDP on different topics organized at University Institute of Technology, Bhopal. The faculties got benefitted by the well-informed sessions conducted by the subject matter experts.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Industrial visit at Regional Science Centre

An industrial visit for students of 3rd semester was organized by Department of Computer Science and Engineering, BIST Bhopal at Regional Science Centre to attend the panel discussion on "See Yourself in Cyber Together" on 7th November 2022. It provided students an opportunity to learn practically through interaction, working methods and other practices. This visit provided an academic exposure of utmost importance.

Faculty Achievement

Prof. Irfan Khan from the Department of Computer Science Engineering has participated in One week National level online FDP on "Recent Trends in Artificial Intelligence and Cyber Security" organized by the Department of CSE at Shri Vishnu Engineering College for Women (A), Bhimavaram and cleared the end exam.

DEPARTMENT OF ELECTRONICS AND COMMUNICATIONS ENGINEERING

Four week training program

Four students of Vth semester Pratyaksha Dwivedi, Dimpri Bisen, Abhishek Kumar & Naresh Nayak have completed four week training program on process instrumentation & IOT conducted by Siemens center of excellence, NITTR, Bhopal.

Prof. Manoj Soni has presented a paper entitled "Analysis the effect of step punch shape and clearance in stretch flanging process using FEM simulation" in international conference on innovations in Mechanical and Materials Engineering (IMME-2022)

DEPARTMENT OF MECHANICAL ENGINEERING

Industrial visit at Bansal TMT Sariya

Department of Mechanical Engineering, BIST Bhopal has organized an industrial visit for the students of III and V semester Mechanical Engineering at Bansal TMT Sariya, Mandideep on 19th October 2022. Bansal TMT is the leading iron industry in Madhya Pradesh and is known for superior steel quality especially in the field of TMT Bars. Bansal TMT has full-fledged engineering facilities available under one roof.

The advanced production unit is equipped with state-of-the-art plants equipped with CNC machines to handle the in-house process of melting, casting, rolling & twisting. During this visit student gained the knowledge about manufacturing of steel bars from raw material. This visit helped student to get practical knowledge of subject manufacturing process which they are studying in their current semester.

Faculty Achievement

The faculty members from the Department of Mechanical Engineering, BIST Bhopal have successfully attended 15 days blended/hybrid FDP organized by Oriental Institute Of Science & Technology in collaboration with AICTE Training and Learning (ATAL) academy on "Smart Manufacturing Tools and Techniques for Industry 4.0" from 14th November 2022 to 19th November 2022 in online mode and from 20th November 2022 to 24th November 2022 in offline mode. Total four faculty members of department got benefited with this FDP and received a deep insight of Industry 4.0 and its application in present manufacturing scenario.

DEPARTMENT OF INFORMATION AND TECHNOLOGY

Faculty Achievement

The faculties of IT Department had participated in one week AICTE Training and Learning (ATAL) FDP on "Application of Artificial Intelligence in modern days Engineering Problems" organized at University Institute of Technology, Bhopal. The faculties got benefitted by the well-informed sessions conducted by the subject matter experts.

DEPARTMENT OF CIVIL ENGINEERING

Faculty Achievement

The faculty member from the Civil Engineering Department, BIST Bhopal have successfully attended a blended/hybrid FDP organized by Oriental Institute Of Science & Technology in collaboration with AICTE Training and Learning (ATAL) academy on "Smart Manufacturing Tools and Techniques for Industry 4.0" from 14th November 2022 to 19th November 2022 in online mode and from 20th November 2022 to 24th November 2022 in offline mode.

DEPARTMENT OF MBA

Games and Expert Lectures

The MBA department organized Management Games and Expert Lectures on 19th Nov. The day started with Management Games followed by Expert Lecture on Industry Academia Convergence-Bridging the skill gap by Mr O.P. Budholiya, Ex AGM Canara Bank and Post Lunch session , another expert lecture on Financial Education was conducted by Mr Deepak Tiwari, Director - Lucid Academy. The Program was intended to increase the coordination between students, to make them aware about industry requirements and increase their financial awareness. A large number of MBA and MCA students participated in Expert Lectures.

Two days' workshop on Financial Awareness

On 30th Nov & 1st Dec 2022 the Department of MBA, BGI organized two days' workshop on Financial Awareness of Stock Market by Ms. Shruti Gupta, Financial Education Trainer, NISM. Students understood the basics of stock market and career opportunities available in stock market. 97 students participated in the workshop.

BGI-MBA students participated in HR Conclave "Re-engineering & Re-humanizing the workforce for a resilient future" at BSSS, Bhopal on 9th Dec 2022. Students learnt how to develop power skills, up-skilling HR and building high performance teams from the experience of industry experts.

Today BGI-MBA students participated in Reflexions Season 8 at IPER, Bhopal in various competitions. Team of Arun Pratap Singh, Ajay Kumar Sahu and Pooja Khanbra won Runners up Prize in Treasure Hunt.

Faculty Achievements:

Dr. Rajesh Gupta from the MBA Department has participated in Seven days UGC sponsored Short term Course on "Research Methodology" organized by CPDHE (UGC-HRDC) University of Delhi. He has also published a book entitled "An Evaluated Understanding of Research Methodology" ISBN No. 978-1-68576-360-2 under INSC International Publisher Pvt Ltd.

DEPARTMENT OF MCA

Two days' workshop on Mobile & Web Application Development using React JS Technology

Two days' workshop was organized by MCA Department on Topic "Mobile & Web Application Development using React JS Technology". In this workshop students learned about web development process with latest tools and techniques. Around 70 plus students actively attended this workshop and as per students' perception it was very fruitful session.

Industrial Visit at CRISP Bhopal

52 students of MCA department along with 4 faculty members visited to CRISP, Bhopal for Industrial Visit. Here Students visited various labs including CISCO, AI/ML, and Multimedia etc. Students learned so many things about various latest technologies. After that students also visited Manav Sangrahalay, Bhopal on an educational visit

Faculty Achievement

Dr. Karunaniidhi Pandagre

1. Key note Speaker in Sri Shasun Jain College for Women, Chennai. FDP series on Journal Writing on Enhance your effective research writing through the latest programming tools organized by the IQAC in Collaboration with London Business University, Singapore held in 25th November 2022.
2. Keynote speaker in six days national level Faculty Development Program on Innovative Strategies in Teaching-Learning Process (GSS Jain College for women veprey, Chennai).
3. Appointed as a trainer for Class 1, Class 2 officers (Animal Husbandry Department) From RCPV Academy Bhopal in (12-16) September 2022.

CELEBRATED DYNAMO...

Commendable Achievements by Bansalites in various fields...

Becoming a champion doesn't happen overnight, it's a concurrent of many different factors coming together... Hearty congratulations to our champions who made us proud with their constant hard work and dedication.

Selection of girl students in Military Hospital Army Attachment Camp

Total 6 girl students of Bansal Group Bhopal Kokta Anand Nagar have been selected in the Military Hospital Army Attachment Camp organized by 4 M. P. Girls Battalion at Bairagarh Bhopal. Cadet Neha Gaur has been selected among the students for the Lounge Control Post (British Army) and other cadets Manisha Maihar, Sanjana Deshmukh, Harshita Patel, Tanya Raghuvanshi, and Hema Chowdhary, have been selected as CDT (Cadets).

For CTO, ANO Rinke Shah has been selected. The main objective of this camp was to provide first aid training to the selected cadets. The entire program was completed under the supervision of Brigadier Sanjay Ghosh. The event was inaugurated with the address of Brigadier Vivek Vasudev of Military Hospital and the closure of the event was addressed by Colonel Dr. T.N. Verma.

National level performance of Bansalites...

Arvind Kirar, a first year computer science student has secured the first position in the regional level quiz competition organized by the Red Ribbon Club. Students from eight states including Madhya Pradesh, Bihar, Maharashtra, Odisha, Dadar Nagar Haveli, Uttar Pradesh and Mumbai participated in this competition organized in Mumbai. The NSS of the college Unit's volunteer Arvind Kirar was given a cash amount of ten thousand rupees as a prize.

Intercollegiate Sports Tournament

Ragini Ahirwar a student from I year Electronics and Communication Engineering bagged a gold medal in Boxing nodal intercollegiate sport tournament and got selected in RGPV state team.

We are delighted to announce that two of our students got selected for sailing expedition.
